Community and Service Guidelines

Community Service is one of the five Areas of Interaction, which are important parts of the delivery of all eight subjects in the IB Middle Years Program. As a student in the IB program, you will also be a student who is committed to Community Service. There will be opportunities throughout the school year for you to be involved in Community Service; however, we strongly encourage you to move beyond school and become an active member of your local and global communities.

- 1. Your activity may not be used as part of a classroom grade.**
- 2. You may not accept payment for your activity.**
- 3. Household chores do not count towards your community service time.**
- 4. Your activity needs to help someone outside of your immediate family.**

Please comment: What was the best part of this activity? How did it affect you?
