

## Google Lesson

Using "**Boolean**" search methods and Google.

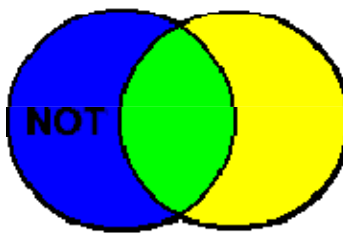

Boolean - Definition: Using symbols or words like AND (+), NOT (-), and OR and Quotation Marks while searching for information to minimize how many "hits" you get.

**AND**

**Blue AND Yellow**

**NOT**

**Blue NOT Yellow**

**OR**

**Blue OR Yellow**

If you add these at the end of your search, you will get more dependable sites with more reliable information:

Site: gov

Site: org

Site: edu
